Happy Mother's Day to all the wonderful mothers who have blessed our lives - past, present and future! May we always be thankful for the blessed woman who gave us life!

You have not heard from me in a while. But I'm back and I'm good! All is well! So many doors have been open, so many ways have been made, so many prayers have been answered, and so many new alliances and partnerships have been formed!

First, OVL Foundation USA is an official tax-exempt non-profit public charity! We did it! God be praised!

We can now go hard after our dream and make provision to open and operate Abba House Transitional Housing for pregnant and new mother's aging out of foster care!

This is and has been our passion and our mission. It's the reason OVL Foundation USA was launched. This is the largest project we are undertaking. We see a need and we desire to fill it!

We have been blessed with an awesome team of like-minded, powerful women who bring excellence, expertise, experience and integrity to the table.

And the best part of it all, the Culture of the Board holds us to a standard that provokes us to operate in a spirit of unity, harmony, symphony and euphony! We like each other, and are genuinely concerned about the well-being of one another. That's the highlight for me!

Stay tuned, choose to help us do what we have been called to do, share the vision with family and friends who will partner with us, and let's impact and influence our Community!
