*The goal, objective, aim, end, ambition, purpose, target and aspiration of OVL Foundation USA is to provide several community-based programs that will serve the overall needs of those throughout our community, regardless of age, gender, sexual orientation or ethnicity, who struggle in this life just to exist.*

*I am excited to share that we have implemented great momentum and awesome partnerships with two local non-profits:*

*Bay Area Rescue Mission, Richmond, CA and Dorothy Day House, Berkeley, CA. We are also supporters of USO and AARP Foundation, as we support our military and lend support to low-income seniors.*

*God has expanded our reach and enlarged our coast, to have a physical presence in the community, as we now go out monthly to the unhoused encampments and cheerfully provide bags of essential*

*items, a smile, a word of hope, an act of kindness and a fervent prayer for those who desire it.*

*Here is our new graphic...*

*Please help us help those who need a helping hand.*
